

BIO PROFILE

Shari-Anne Doolaeye, M.P.A., CLGM

InfraCycle Fiscal Solutions

Dedicated to Improving Your Municipality's Fiscal Performance!

Shari-Anne Doolaeye is a Senior Associate with InfraCycle Fiscal Solutions and is located in Edmonton, AB. Shari-Anne is a municipal consultant with a particular interest in good governance, sustainable growth, strategy, evaluation, regional cooperation, and strengthening executive decision making capacity.

Shari-Anne has 15 years' experience in municipal government and has worked primarily as a CAO dealing directly with local councils and related boards. Shari-Anne has been highly involved with municipal budgeting with development, implementation and reporting on operational and capital functions. Shari-Anne served as the Director of Finance & Administration for the Town of Vermilion, and developed budgeting and property

tax calculation templates in Excel in for the Village of Minburn in 2003 which were shared on the Alberta Municipal Excellence Network. She also provided advice and oversaw the policy development and implementation of the Tangible Capital Asset project for the Town of Daysland, AB.

Shari-Anne is well versed in the challenges of growth and community sustainability and is the author of an article on regional intergovernmental relations titled: **Executive Regionalism** as published in the October 2013 issue of *Municipal World*. Shari-Anne also developed and delivers an executive training workshop titled: **In Pursuit of Persuasion** to reinforce fundamental meeting etiquette of executive board members.

Shari-Anne has an impressive academic portfolio which includes: a Master of Public Administration (**M.P.A.**) degree through Dalhousie University in 2013; a National Advanced Certification in Local Authority Administration II (**NACLAA**, U. of Alberta, 2004); Alberta Local Government Certificate Program *with Distinction* (**LGCP**, 2004); Applied Land Use Planning Program (**ALUP**, 2004); and a Teacher's Aide Certificate (Red Deer College, 1991). Shari-Anne was recognized for superior academic achievement in local government studies with a 2003 AMFC Chairman's Scholarship and holds a Certified Local Government Manager (**CLGM**) designation in Alberta.

Shari-Anne's interest in well-designed communities led her to team up with InfraCycle Fiscal Solutions as a consulting associate. She believes that careful design leads to highly livable communities with more efficient local service delivery. Shari-Anne is available to assist InfraCycle Fiscal Solutions in serving municipal clients and helping them to achieve optimum design strategies for growing communities.

"The InfraCycle Fiscal Impact Analysis (FIA) modeling software is an extremely enticing municipal planning tool. The product boasts quick results for decision making in a logical and comprehensive format. The webinars have expanded local thinking among town elected officials and staff. We got tremendous mileage from viewing success stories in other communities delivered through a professional, convenient venue."
